

2023

QA WEEKLY CAPACITY BUILDING WORKSHOPS

Fibre Processing & Manufacturing Sector Education and Training Authority

FUTURE PERFECT SKILLS DEVELOPMENT

The Fibre Processing & Manufacturing (FP&M) SETA will be hosting weekly capacity-building workshops on QCTO transitional arrangements for the implementation of occupational qualifications.

The functions as mentioned below will be QCTO on-line processes

The purpose of the workshops would be to discuss the following:

- Accreditation of Skills Development Providers.
- Registration of Learners.
- Accreditation of Assessment Centers.
- Reporting and Certification
- Availability of Training Material from FP&M SETA
- Internal and External Summative Assessments

The sessions will be held on-line every Thursday between 10:00am - 13:00 from the 20 July 2023

PLEASE NOTE: Skills Development Providers are invited to attend or nominate a representative to attend the virtual workshops.

TIME & DATE :	10:00am to 13:00pm every Thursday as from 20 July 2023		
VENUE:	Online Please click HERE to Register or visit the FP&M SETA Website
