Dear Mrs Yende

SCHEDULE (AS AT CLOSE OF BUSINESS ON FRIDAY 05 JUNE 2020) OF CLOTHING & TEXTILE COMPANIES WITH VALID PPE ACCREDITATION CERTIFICATES

For your information and records, attached hereto please find the latest schedule of clothing and textile manufacturing companies with valid *Personal Protection Equipment & Other Essential Products* accreditation certificates from our bargaining council for fabric face mask manufacturing.

Please note: This is the only official list. Companies which do not appear on this list have not been accredited by our industry bargaining council as legitimate PPE and Other Essential Products manufacturers.

Today's list shows a total of 444 accredited companies. These 444 companies have a manufacturing capacity of 15,538,683 million masks per week.

You will notice that there are quite a few additional companies which have now been added to the schedule compared to the schedules you received before the 4th of May.

This is due to the following reason:

In terms of the decades-old rules of our Bargaining Council, clothing manufacturing companies which are micro enterprises (i.e. which employ less than 6 employees) and which are registered with our Bargaining Council, are automatically exempted from the provisions of the Main Agreement of our Council. They are, accordingly, automatically regarded as compliant and have, therefore, been duly accredited as PPE & Other Essential Products manufacturers by our Accreditation Committee.

We shall send you a daily updated schedule, as our Accreditation Committee processes applications on a daily basis.

Sincerely,

**PAUL WILD
GENERAL SECRETARY**
