

**Don't miss
the deadline!
31 July**

EXTENSION: MANDATORY GRANT APPLICATIONS

Dear Valued Stakeholder and Employers,

We hope that you are well and still keeping safe during the lock-down. In light of the challenges experienced by stakeholders during the WSPs/ATRs and PIVOTAL Window applications, the Ministry of Higher Education Science and Innovation has further extended the date for the submission of the 2020/21 Mandatory Grant Applications.

Kindly note that the Online System for Mandatory Grant Applications will be open until Friday, 31st of July 2020.

Stakeholders are encouraged to use this opportunity to submit their application for Mandatory Grant Funding and not leave it to the last minute as there will be no other opportunity to submit beyond the stated deadline.

The FP&M Seta staff is available remotely to continuously assist those stakeholders wanting to submit their WSPs/ATRs and PIVOTAL Application/s for 2020-21. Stay blessed!
